

RESEARCH NEWLETTER
COLLEGE OF NURSING-JEDDAH
April 2015

• **Initiative:**

In keeping with the NCAAA and NCAAA standard 10: research, the Research Newsletter is a quality improvement initiative.

• **Owner of initiative**

- College of Nursing-Jeddah

• **Objectives:**

- The newsletter allows for a forum for exploration of issues and experiences related to supporting nursing research and best practice development.
- The purpose of the newsletter is to share with King Saud bin Abdul-Aziz University community the accomplishments of our faculty and students.

• **Outcomes:**

- Increased awareness of research scholarly activities within the CON-J
- Sharing of research activities with other colleges, students, and the clinical areas.

Advantages

- Useful tool to convey information regarding research scholarly activities.
- Keep faculty, teaching staff and students up to date with matters related to research methodology, emerging research foci and research results.
- Documented evidence of research initiatives.
- Relatively low costs.

• **Description:**
