King Saud bin Abdulaziz University for Health Sciences

UNIVERSITY STUDENT RESEARCH BOARD
Policy No. USRB 004
Research Core Competencies

The SRB recommends the following Research Core Competencies to be integrated in all undergraduate programs.

By the end of their undergraduate studies, students of KSAU-HS are expected to:

- 1- Know ethical aspects of research conduction and its consequences.
- 2- Formulate a research question.
- 3- Develop skills in literature search (Medicine, EBSCO).
- 4- Develop a research proposal.
- 5- List different study designs.
- 6- Calculate sample size.
- 7- Collect data.
- 8- Develop basic skills in statistical data analysis.
- 9- Perform descriptive statistical analysis.
- 10- Communicate results of statistical analysis.
- 11- Prepare a research report using effective communication skills.
- 12- Appraise evidence-based clinical decision databases (e.g. Up-to-date).

Applicability:

All undergraduate program at KSAU-HS.
